Menu Of Services

Our goal is to provide each client with the utmost in medical corrective skin care procedures and products so that the greatest results can be achieved and easily maintained.

Customized Treatment Programs

In order to provide each client with the best in clinical corrective skin care, we have designed specialized treatment programs that deal specifically with certain skin disorders & conditions. Each client will be given a treatment program recommendation after the initial consultation & skin analysis, at which time our skin care experts have decided what will be the most effective for the individual. Treatment programs

outline all recommended treatments/procedures and physicians only medical grade skincare products as well as a specific program for maintenance.

Acne Treatment Program:

Clinical skin care treatments, corrective skin care products & medications help acne sufferers achieve maximum, lasting results with little or no irritation.

Anti-Aging Treatment Program:

Medically based spa treatments & procedures are combined with highly active anti-aging treatment products to significantly change all types of aging skin.

Rosacea Treatment Program:

Medical procedures & spa treatments work together to effectively reduce inflammation & dilation in the facial capillaries, while corrective skin care & medication can be used to eliminate bacterial growth, an underlying cause of rosacea, also reducing redness & irritation.

Customized Spa Services

All of our medical spa services are enhanced using a custom blending technique. High grade, laboratory strength active agents are blended with the products being used during your treatment(s) to achieve rapid & exceptional results while maintaining a quiet, relaxing spa environment.

Medical Microdermabrasion

Safely & effectively removes dead, damaged skin and promotes cell renewal, bringing new skin to the surface. Includes: pre-cleansing, balancing, customized mask treatment and re-conditioning.

Glycolic Facial Treatment

Glycolic acids will gently, yet effectively exfoliate the skin with no down time. With each treatment you will accelerate skin turnover to improve fine lines, wrinkles, dehydration and moisture. Each treatment will include a recovery mask and corrective serums. Recommended as a series for optimum results.

Clarifying Acne Facial/Teen Facial

Specifically treats blemish prone or acne skin types by effectively eliminating bacteria deep within the skin and reducing inflammation. Includes: deep pore cleansing, exfoliation with steam, extractions, anti-inflammatory massage, customized acne treatment mask and conditioning. For the face & neck.

Glo Latic Facial

This treatment is for you if your skin is in need of tender loving care and deep hydration. At the core of the treatment will be gentle exfoliation to slough away dead skin so that nourishing actives can penetrate to replenish moisture. Mask treatments and concentrates will strengthen skins integrity and moisturizers will protect barrier function and keep irritants out.

New Glow Facial

This facial is designed to rapidly exfoliate the skin. The first clinical mask will reduce fine lines, smooth, soften and encourage cellular renewal. The second mask will soothe, hydrate and repair. The eye bright treatment will protect and hydrate the sensitive eye area. Finishing with corrective serum that will awaken the senses and leave you glowing.

Anti-Aging Power Lift Facial

We begin with an Enzyme exfoliation and deep pore cleansing, followed by a stimulating massage to excite the facial muscles promote circulation to prepare the skin for a powerful anti-oxidant, protein compression mask and eye treatment. The facial is finished with an anti-aging, customized hydration and UV protection. "It's personal training for your face."

Back Exfoliation Treatment

Treats the most neglected part of the body, deeply cleansing & eliminating bacteria & blemishes while soothing & conditioning. Includes: deep pore cleansing, exfoliation with steam, extractions, removal of ingrown hairs, massage, customized mask treatment and conditioning.
